

## Recommended aerospace solutions

### Thermal imagers

**Best suited for:**

- Airplane's fuselage inspection (skin lap joints, stringers, doublers and rivets)
- Delamination tests on composite materials
- Monitoring corrosion, paint adhesion, moisture ingress and paint thickness on fuselages
- Measurement of in-place thermal diffusivity of materials
- Inspecting HVAC systems on airplanes
- Detection of "hot spots" on motors, pumps, VFDs, bearings and conveyor belts

### Power quality analyzers

**Best suited for:**

- Troubleshooting and preventing problems in power generation, transmission and distribution systems
- Conducting load studies to reduce energy usage
- Use with motors, pumps, generators, transformers, compressors and electrical panels
- 437 II is the 400 Hz power quality analyzer made for avionic applications

### Portable oscilloscopes

**Best suited for:**

- Installing and maintaining electronic industrial equipment out in the field
- Diagnosing industrial machinery, automation and process controls and power electronics
- Bus health testing for industrial bus systems

### Pressure calibrators

**Best suited for:**

- Pressure calibration of transmitters, gauges, switches, and custody transfer meters
- Maintenance of almost any pressure device using pressure sourcing and mA measurements
- Calibrating P/I instruments with simultaneous pressure and current measurement

### Digital multimeters

**Best suited for:**

- Electrical system installation and troubleshooting
- Quick voltage detection
- Environments with both AC and DC (autoVolt) or ghost voltages

### Insulation multimeters

**Best suited for:**

- Insulation resistance tests
- Troubleshooting and preventive maintenance

### Fluke Connect

**Best suited for:**

- Simplifying preventive maintenance programs
- Seamlessly integrating test data into software
- Diagnosing asset health in the field
- Cloud-based data sharing

### Clamp meters

**Best suited for:**

- Verifying the presence of load current, AC/DC voltage and continuity
- Measuring 1000 A AC/DC (2500 A AC with iFlex) in motors, pumps, compressors, fans, blowers, vaults and bus bars
- Measuring loads and line frequency in circuits

## Aerospace Solutions

Fluke. Keeping your world up and running.®

**Fluke Corporation**  
PO Box 9090,  
Everett, WA 98206 U.S.A.

**Fluke Europe B.V.**  
PO Box 1186, 5602 BD  
Eindhoven, The Netherlands

### Fluke solutions for aerospace professionals.

Aerospace professionals work on a variety of aircraft such as commercial passenger aircraft, space vehicles, aircraft engines, propulsion units and related parts. They are responsible for the research, development, modification, production, maintenance and repair of these aircrafts.

Fluke tools are excellent for the aerospace environment, the professionals who work there, and the challenges they face every day. The world counts on these professionals to provide the safest flights to their destinations while these professionals count on Fluke to provide the best test and measurement tools for their job.

### QC/QA Manager

- Issues faced:**
- Avionics/electronics assembly and testing
  - Conformance to product quality and standards
  - Validating and documenting QC results

- Fluke solutions:**
- 📶 Fluke Connect
  - ▲ Process test tools
  - ▲ Multifunction process calibrators
  - ▲ Pressure gauges and calibrators
  - Portable oscilloscopes
  - Digital multimeters
  - Thermal imagers

### Maintenance Manager/Operations

- Issues faced:**
- Conformance to quality processes and standards
  - Asset uptime
  - Maintenance expense

- Fluke solutions:**
- 📶 Fluke Connect
  - Portable oscilloscopes
  - Insulation multimeters
  - Digital multimeters
  - Power quality analyzers
  - Clamp meters
  - Thermal imagers
  - Infrared thermometers

### Facilities Engineer

- Issues faced:**
- Controlling energy costs
  - Systems uptime maintenance

- Fluke solutions:**
- 📶 Fluke Connect
  - Power quality analyzers
  - Electrical testers
  - Clamp meters
  - Power loggers
  - Thermal imagers
  - Alignment tool
  - Vibration tester
  - Infrared thermometers

### Electrician

- Issues faced:**
- Efficient, consistent power quality delivery
  - Power installation and reworks
  - Safety and energy maintenance and troubleshooting

- Fluke solutions:**
- 📶 Fluke Connect
  - Digital multimeters
  - Power loggers
  - Insulation multimeters
  - Power quality analyzers
  - Infrared thermometers
